

## ISOPP CAPhO 2025 SYMPOSIUM

# Latest Learnings and Best Practices for the Implementation of Bispecific Antibodies for Multiple Myeloma in the Community

**SAVE the DATE**

**THURSDAY  
APRIL 3**

**12:30 – 2:00 pm PST**

**Upper Courtyard Pavilion of the  
Victoria Conference Centre  
Victoria, BC**

### FACULTY

**TINA CROSBIE**

BSc. (Pharm), ACPR, RPh  
Clinical Pharmacist, Hematology  
The Ottawa Hospital  
Ottawa, ON

**DOMINIC DUQUETTE**

B.Pharm, M.Sc.  
Pharmacist, Hôpital de l'Enfant-Jésus  
Centre Hospitalier Universitaire  
de Québec  
Québec City, QC

**CHRISTOPHER VENNER**

MD, FRCPC  
Hematologist, Lymphoma  
and Myeloma Program  
BC Cancer - Vancouver Centre  
Vancouver, BC

### OVERVIEW

This symposium will enable Canadian pharmacists involved in the management of relapsed/refractory Multiple Myeloma (RRMM) to determine the optimal patient selection and management strategies for triple class-exposed patients receiving bispecific antibodies, with a focus on administration in the Community setting.

### LEARNING OBJECTIVES

*This symposium aims to:*

- Explore patient selection for bispecific antibodies for the management of relapsed/refractory Multiple Myeloma (RRMM) in Canada
- Share best practices for the optimal management of adverse events associated with bispecific antibodies for Multiple Myeloma
- Consider the role of the pharmacist to support patient management and the delivery of bispecific antibodies for Multiple Myeloma within the Community setting
